2009 Breakdown Junior Handling

**Please check Show Results on this website and
Junior Handling results on the CKC website
to ensure results are included.**

If they are not listed then we do not have them.

**Please be aware errors may occur and these results are unofficial.
The results on the CKC website are the only official ones.**

Reminder if you are trying to calculate whether you qualify for the zone finals it is easier to refer to the files which are broken down by zone and age and competition category (ie. handling or obedience).

As well, keep in mind the class where you accumulate the greatest number of your points in is the one you are competing for the top four of your class. Therefore, be mindful that competitors can move from a majority of points gathered in Novice to Open and displace others or make room for others.
